16. Number of monitored³ reclamation as of December 31, **2001**. _____

Comments if any: _____

See reverse side

Project Status: _____ Closure _____ Actively Mining _____ Temporary Closure
(plan to reopen)
_____ Actively Exploring _____ Final Reclamation _____ Other (Attach separate sheet for explanation)

Production (mineral and annual production): _____

Methods used to determine number of affected and reclaimed acres: _____

I certify that this information is accurate and true.

PRINT NAME AND TITLE

Signature: _____ Date _____

FOOTNOTES

1. Areas requiring revegetation are not reclaimed nor released from annual fees until the Nevada Interim Standards for Successful Revegetation have been met and accepted by NDEP. Areas not requiring revegetation are not considered reclaimed nor released from annual fees until all reclamation plan and/or permit requirements for the area have been met and accepted by NDEP. All required documentation for reclaimed acres must have been submitted and approved by NDEP.
2. "Affected" means that the surface of the land **is or will be** disturbed by an exploration project or mining operation per NAC 519A.025.
3. Monitored reclamation refers to areas where earthwork and/or revegetation activities have been completed but revegetation has yet to meet the BLM/NDEP Interim Standards for Successful Revegetation.

This reclamation report for 2001 is due on or before **APRIL 15, 2002**. Please mail the report(s), invoice(s) and check together to the address below:
